MARTIN J. CULLEN

ROCKY MTN. WILD FLOWERS

on pages 3, 4, 5 and 6.

Hardy and Easily Grown In Any Climate

FOR ROCK GARDENS AND BORDERS

The relaxation and enjoyment you get out of a garden will do you good.

THESE WILD FLOWERS have an appeal to every one. They are so beautiful in their own environment Tourists from all over the World who have visited those wonderful natural Rockeries every summer have been highly gratified, pleased beyond expression. Those beautiful wild flowers have grown among the Rocks for centuries and are by nature adapted to Rock Gardens. Are always delightful in the Rockeries and when once established they re-seed themselves and go on indefinitely, grow in any little nook or crevice, in all sorts of places, along the paths, under the shrubbery and between the stones near the pool, producing their exquisitely beautiful flowers, from early spring until late Autumn and are charming as cut flowers.

WATER LILIES

Large flowers of most beautiful coloring. Flowers all summer that will delight you and your friends. Choice mixed varieties. Seed of Annuals and Perennials mixed.

Pkt., 35c; 3 pkts., \$1.00.

NELUMBium OR LOTUS SPECIOSUM

(Egyptian Lotus)

HAVE A TUB OF WATER LILIES

We wish to lay particular stress upon this beautiful Lotus. The best known of all and the easiest to grow, most desirable in ponds where the magnificent foliage and flowers produce a beautiful subtropical effect. Flowers deep rose color, creamy-white at the base of the petals, sweet scented. Make a cut into the top end of the seed with a file and soak in lukewarm water for 24 hours before planting. Price, 3 seeds for 50c.

How to Grow Water Lilies From Seed. Take an ordinary size flower pot, fill it within one inch of the top with good soil, no manure, then plant the seeds, firm down the soil and cover with pure sand, about as thick as a cardboard, and place the pot in an earthenware dish about three inches deeper than the pot, pour water into the dish until the top of the pot in which the seeds are planted will be covered about two inches, then place in a sunny window. The water should be kept at tepid temperature until the leaves have grown. When the plants have leaves about the size of a dime, transplant into a tub that has been three parts filled with a mixture of three parts of good top soil, or rotted sod compost, with one part cow manure or good barnyard manure. Cover with half an inch of clean sand.

When Planting to the Tub or Pool the soil should be firmed about the roots; then cover with about one foot of water. The best effect will be had by sinking the tub in the ground right up to the rim. In October remove the plants from the tub and trench in a box of dry sand and keep dormant for Winter in a place where they will not freeze.

CULLEN'S CHOICE SELECT FLOWER SEEDS

INCLUDING NOVELTIES OF THE YEAR

**Only Best Seed of Improved Strains Offered
They Cannot Be Surpassed**

All the seeds offered in this booklet may be planted indoors during winter and transplanted to the garden when danger of frost is over, or the seeds may be planted outdoors in the spring when the ground warms up, and on until August, except those on page marked Annuals.

ROCK GARDEN

To see a rock garden in bloom is to want a rock garden where you would love to be. After a rock garden is established it is a real joy and practically no bother. Most of the plants require very little water, perhaps once or twice during the hot summer. Best to do the watering either early morning or after sundown. In the Spring a dressing of leaf mould is beneficial. The flowers will give that individuality to your garden that you desire in your home.

OFFER "A"

Cullen's Get "Acquainted"—A \$1.20 value for \$1.00. One packet each of the following Rocky Mt. Columbine; Colo. Lupins; Indian Paint Brush; Rocky Mt. Bee Plant; Pentstemon; Blazing Star; Rocky Mt. Fireweed, and Violets.

OFFER "B"

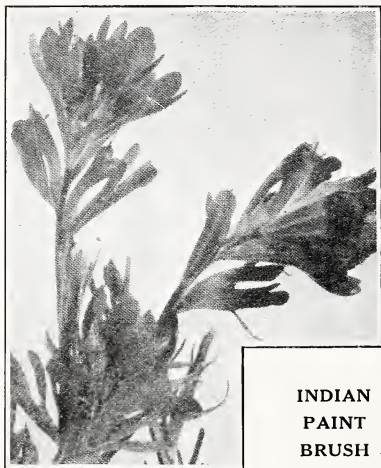

A \$3.05 Value for \$2.50—The above varieties, but in the extra select 35c packets. For description of above, please see pages 3, 4, 5 and 6.

ROCKY MT. COLUMBINE (Colo. State Flower)—The blue Columbine of Colorado. Expected soon to be the National flower of the United States. Whose wonderful charms have fascinated every visitor to this state. It is an exquisitely beautiful variety, has white sepals and long blue spurs. There is a place for it in all wild flower gardens, especially in Rock Gardens, as it serves to liven up the too stiff and formal plantings of other perennials. No other plant has the airy grace and beauty of the Genuine Rocky Mt. Columbine. If you wish to arrange Columbine in a bouquet, it is best to place a whole stalk in a vase instead of trying to cut and use the separate blossoms. In this way the flowers look quite natural and at home indoors. Our Columbine is collected in the heart of the Rockies and is absolutely genuine. **Packet, 15c and 25c.** Extra select seed produced by unusually strong plants in the heart of the Rockies at an altitude of 9,000 feet, **Pkt., 35c; \$1.00 for 3 packets. Plants, 70c for 3; \$2.75 per dozen; \$18.00 per 100.** Extra strong plants, **\$1.65 for three. Postpaid.**

ROCKY MOUNTAIN WILD FLOWERS

You and Your Friends Will Be Charmed
With Them

INDIAN PAINT BRUSH—*Castilleja Coccinea* (Painted Cup)

INDIAN
PAINT
BRUSH

VALUABLE FOR THE ROCKERY—A native of Colorado. Growing about 18 inches high. The flowers are a deep vermilion or scarlet. One of the most attractive of all of our native flowers. William Hamilton Gibson calls the color of Indian Paint Brush "the brightest dab of red the wildflower can show." The blossoms, completely eclipsed by the red floral leaves, form with these a dense terminal cluster. Rarely the red of the leaves is displaced by a yellow light. The Greardias is parasitic in nature and named for Castillejo, a Spanish botanist. The seed is obtained only at rare intervals. This is an

opportunity for flower lovers to secure seed while our very limited surplus lasts. **Pkt., 15c; extra select, pkt., 35c.**

COLORADO LUPINE

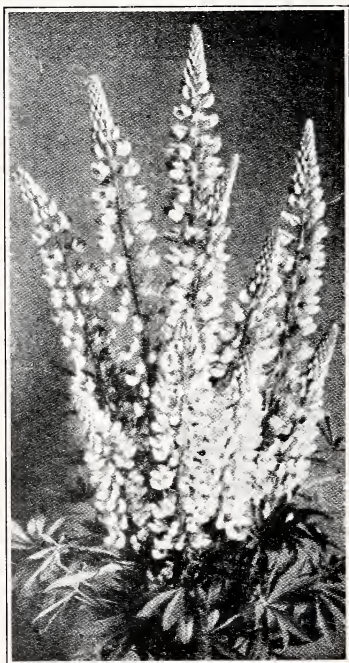

(*Lupinus*)

FOR THE ROCKERY

Persons who have visited the Rocky Mountains and have not seen Lupines in bloom have missed a sight. These hardy perennials bloom all Summer; tall spikes of purple-blue. **Pkt., 15c; extra select, pkt., 35c.**

PENTSTEMON —Beard Tongue

The best of them are found in the Mountains and foothills of Colorado and are right at home in rock gardens or borders. They bloom all summer, many lovely blue varieties, they are useful for cut flowers or for color masses in the garden. Easily grown in any good garden soil. **Mixed pkt., 15c; extra select, 35c; Plants, \$1.00 for 3; \$3.50 per dozen.**

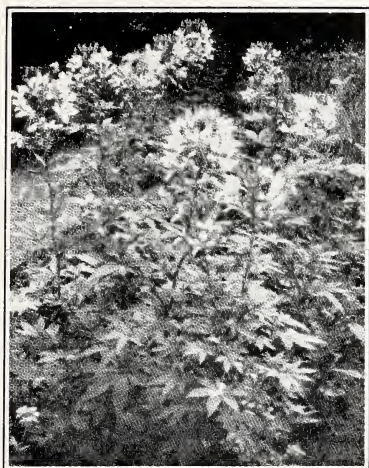

Colorado Lupine

TERMS: Cash with order. Remit in any way that best suits your convenience. By check, money order, currency or in one or two-cent stamps. We pay postage on everything, to all parts of the United States or Canada, unless otherwise noted. We do not ship C. O. D.

ROCKY MOUNTAIN WILD FLOWERS

You Too Can Have Rocky Mtn. Wild Flowers In Your Own Back Yard

Rocky Mountain Bee Plant (Cleome)

Rocky Mountain Bee Plant

FOR THE ROCK GARDEN

An annual that attains the height of $3\frac{1}{2}$ feet and whose branches terminate with large, rosy crimson flowers. It is very striking in large beds or planted in the shrubbery border or in the rockery. It is planted extensively in many of the public parks. Seed should be sown when the weather is settled and warm. Plants should be given plenty of room to develop. **Pkt., 15c; extra select, pkt., 35c.**

BLAZING STAR—Liatris

This fine perennial is a native of Colorado. It is a distinctly worthwhile subject for rock gardens, keeping its flowers until the end of September. It has very stout, full stems; it is stately and the flowers appear somewhat like a long bottle brush. A beautiful rose-purple in color. **Pkt., 15c; extra select, pkt., 35c.**

Blazing Star

GROW ROSES FROM SEED

COLORADO WILD ROSE. Sweet scented Roses in profusion. Pink. **Pkt., 25c.**

POLYANTHUS MULTIFLORA HYBRIDS. Mixed, white, pink, crimson, etc. Fine seed. **Pkt., 15; 2 pkts., 25c.**

RUGOSA ROSE. Beautiful Roses 4 to 6 feet, loaded with lovely crinkled flowers; blooms nearly all Summer, and covered in Fall and Winter with their large, brilliant red seed pods. Particularly attractive as single specimens among shrubs or for making a hedge. **Pkt., 25c.**

SWEET BRIAR. Beautiful blossoms and fragrant leaves. **Pkt., 25c.**

ROCKY MOUNTAIN WILD FLOWERS

Beautify your back yard with Colorado's
Wild Flowers

Rocky Mountain Fireweed

FIRE WEED

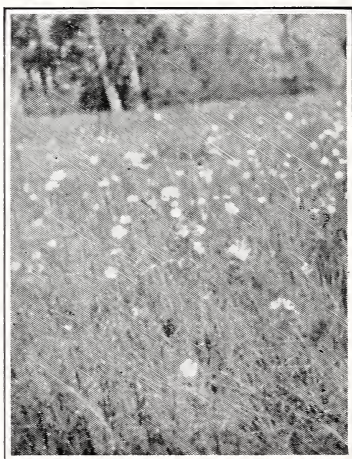

FINE FOR ROCKERIES

In the Colorado Rockies this flower vies with the Indian Paint Brush in its showy flowers, varying in tints from pink to deep rose-purple and heliotrope. It grows 2 to 6 feet in height. Pkt., 15c; extra select, pkt., 35c.

*A Garden of Flowers for
Yourself and Friends*

PERENNIAL FLAX

Perennial. Very dainty, feathery foliage and sparkling azure blue flowers all Summer. Exceedingly attractive among coarse-leaved plants; fine for massing or for rock planting. Pkt., 15; extra select, pkt., 35c.

Perennial Flax

Photographed in the Rockies

"Say it with Flowers"

COLUMBINE—Cullen's Long Spurred Hybrids

Without doubt the finest yet produced. The flowers of exceptional size, comprising colors through the exquisite tones of cream, pink, rose, red, white, lavender, blue, and all the beautiful color combinations. Pkt., 10c; 3 pkts., 25c.

There's a new thrill for everyone who plant this seed, and as an inducement to introduce it we have made the special low price of 10c per packet.

OUR GUARANTEE

We guarantee everything we ship to be first class, and to arrive in good shape. If not, we will replace it.

CULLEN'S SELECT HARDY PERENNIALS

For Rockeries or Borders

SPECIAL BARGAIN To Introduce Our Rock Gardens Plants OFFER "D"

Including varieties on this page and the following two pages.

Big Rock Garden—A \$10.50 Value for \$8.50
50 PACKETS

AGROSTEMMA—Rose Campion

Stout, erect-growing plants with silvery foliage, that contrasts well with the showy flowers, that are produced during June and July.

CORONARIA. (Mullein Pink) Bright rosy crimson; grows 2½ feet. 25c each; \$2.50 per doz. Seed pkt., 10c.

ALBA. A pretty white variety. Pkt., 10c.

ALYSSUM—Sweet Alyssum

SAXATILE COMPACTUM (Basket of Gold). One of the best plants for the rockery or border, growing about one foot high and covered in May with masses of dense, flat heads of bright yellow flowers. Pkt., 10c.

ARMERIA—Sea Pink or Thrift

CEPHALOTES (Round-Headed Thrift). A dwarf plant forming dense heads of bright green foliage on which the crimson-red flowers appear; continues to bloom till late Fall. Fine for the rockery. Pkt., 15c.

LAUCHEANA. Bright rose. Pkt., 15c.

ARTEMISIA—Mugwort

LACTIFLORA (Hawthorn Scented). A very effective plant either for the rockery, border or among the shrubbery; of erect growth, stems 3 to 4 feet high, great panicles of astilbe-like flowers, creamy white, hawthorn scented; in bloom August and September. Pkt., 20c.

ASPERULA—Sweet Woodruff

ODORATA. A little rockery perennial good for a shady spot, growing about 6 to 8 inches high, with clusters of white flowers; blooms in May. The leaves, when dried, are delightfully fragrant. Pkt., 25c.

ASPHODELUS—King's Spear

LUTEUS. A fine plant for the rockery border, with swordlike foliage, spikes of fragrant, lily-like flowers of beautiful yellow; blooms in July; very effective. Pkt., 30c.

ASTERS—Dwarf Alpine

ALPINUS. No rock garden complete without these plants; they are indispensable. About 6 to 10 inches high; bluish purple flowers in May and June. Pkt., 15c.

ALBUS. Same as the above with white flowers. Pkt., 25c.

FINEST MIXED. Pkt., 20c.

AQUILEGIA—Columbine

CULLEN'S HYBRIDS MIXED. Pkt., 15c.

ARABIS—Rock Cress

ALPINA. Dwarf growing plants. Small, pure white flowers, particularly suited for rockery. Pkt., 10c.

ARENARIA

MONTANA. A beautiful little perennial plant of creeping habit, covered with white flowers during June. A very useful plant for the rock garden. Pkt., 25c.

AUBRIETIA—Rainbow Rock-Cress

HYBRIDS MIXED. Flowers, large, varying in all shades from white, rose, lilac, dark red, blue to violet. Very useful for borders and rock work. Pkt., 15c.

BELLIS—Double English Daisy

DOUBLE MIXED. Pink, Dark Rose and White. Plants bloom as soon as 2 to 3 inches high. Pkt., 15c.

CULLEN'S SELECT HARDY PERENNIALS

CAMPANULA

ACAULIS. Dwarf, dark blue. Pkt., 15c.

CRUCIANELLA

STYLOSA (Long-Styled Crosswort). Flowers rose colored; fine for rock work. Pkt., 25c.

DIANTHUS—Hardy Garden Pinks

These varieties are particularly adapted for rock beds and borders, exceedingly refreshing spice odor; fine for cut flowers.

PLUMARIUS SEMPERFLORENS (Everblooming Hardy Garden Pinks). Beautiful, sweet scented, double, semi-double and single flowers in great variety of color. Seed, pkt., 25c. Plants, 35c each; \$3.50 per doz.

EDELWEISS

It is associated in the minds of most persons with the Alps, its native home. It is well adapted to rock gardens; it likes a light soil and full exposure to the sun. Pkt., 35c.

ERIGERON—Fleabane

COULTERI. A very useful plant for the rockery with very attractive, aster-like flower of mauve color during July. Grows about 15 inches high. Pkg., 25c.

SPECIOSUS HYBRIDS. Very beautiful lilac and blue shades. Pkt., 30c.

AURANTIACUS HYBRIDS. Beautiful orange flowers. Pkt., 25c.

ERYSIMUM

PULCHELLUM. A little perennial with yellow flowers, of free-flowering habit. Pkt., 15c.

GEUM—Avens

ATROSANGUINEUM FL., PL. Beautiful hardy perennial, bearing profusely large, showy, double, dark crimson flowers, all Summer; an elegant flower for bouquets. Pkt., 10c.

MRS. BRADSHAW. Large, double, brilliant orange-scarlet; in flower the entire Summer. Pkt., 15c.

GENTIANA—Blue Gentian

A beautiful hardy perennial, for border or rockery; grows easily in moist, shady places.

ACAULIS. Intense blue with fine yellow marks inside. Pkt., 15c.

IBERIS—Hardy Candytuft

SEMPERVIRENS. Grand, compact-growing, hardy perennial plant; very fine for rockery and cemetery use, as the plants are a solid mass of white flowers at just the right time when flowers are scarce. It is also well adapted for permanent front rows of borders or for low clumps in beds. Large-flowering, pure white. Pkt., 15c.

MYOSOTIS—Forget-Me-Not

The lovely Forget-me-not. Fine for shady nooks, exquisite for cutting. They are perennials, but they bloom the first season. Good for rockery or pot culture in a shady window where few plants will bloom.

ROSEA. Flowers very dainty and most exquisite rose color, should be in every rockery or border. Pkt., 25c.

PALUSTRIS SEMPERFLORENS. One of the most useful plants for the rockery, as it is seldom out of flower, blooms from early Summer till frost; about 6 inches high; color blue. Pkt., 15c.

NEW EVERBLOOMING SWEET WILLIAM

Begins blooming in about fifty days from seed, and continues in great profusion all Summer and Fall. Also the following year it is hardy. It is so much superior to the Annual Sweet William that there is no comparison. Both flowers and clusters are large, and the colors most exquisite, ranging from pure white to blood-red. But the fringed, spotted and variegated flowers are exceedingly attractive. Such a bewildering array of superb soft colors is sure to please you. Seeds grow quickly and easily; flowers in about 50 days. Fine for rockery.

ALL COLORS MIXED. Pkt., 20c; 3 pkts., 50c. Plants, 30c each; 3 for 75c; 12 for \$2.65.

SWEET WILLIAM

Latifolius Atrococcineus, Fl. Pl.

(Ever-Blooming Hybrid Sweet William)

This is a cross between an annual pink and a Sweet William, combining the free and continuous blooming qualities of the Hardy Pinks, but has the hardiness of the Sweet William; in color an intense velvety crimson scarlet. Pkt., 15c; 2 pkts., 25c. Plants, 25c each; \$2.50 per doz.

CULLEN'S SELECT HARDY PERENNIALS

For Rockeries and Borders

POLEMONIUM—Jacob's Ladder

COERULEUM. Good border plants, about 12 inches high, thriving best in a partially shaded place; deep green, finely cut foliage and spikes of showy flowers. Excellent for rockery. Seed, pkt., 15c. Plants, 30c each; \$2.50 per doz.

GRANDIFLORUM. Large-flowered, beautiful blue. Seed, pkt., 15c. Plants, 30c each; \$2.50 per doz.

RICHARDSONI. Dwarf, sky-blue flowers with golden anthers. Seed, pkt., 25c. Plants, 35c each; \$3.50 per doz.

POTENTILLA

MACNABIANA HYBRIDS. Beautiful for rock garden or border plants, about 18 inches high; blooms from June to August; flowers blood-red. Pkt., 25c.

PRIMULA—Primrose

These are ideal for shaded portions of the rockery. Mixed. Pkt., 15c.

VULGARIS—English Primrose

An old favorite, should be in every garden; one of the earliest spring flowers; bright canary yellow; very fragrant. Pkt., 15c.

PAPAVER—Poppy

NUDICAULE (Iceland Poppy). These charming little Poppies grow in profusion throughout the entire season. Fine for rockery. Bright green foliage, cup-shaped flowers of yellow, orange, scarlet and white, on slender stems about 1 foot high. Pkt., 15c.

DOUBLE MIXED. Pkt., 15c.

RANUNCULUS—Buttercup

ACRIS. The well known double Buttercup so effective either as a cut flower or grouped in the rockery or borders. Likes a shady or partially shady situation, in rich soil. Mixed. Seed, pkt., 15c. Roots, 25c each; \$2.50 per doz.

SAXIFRAGA—Megasea

CORDIFOLIA. A fine plant for the front of border or the rockery, useful for their deep green foliage and light pink blossoms early in Spring. Grows about 11 inches high. Pkt., 15c.

MIXED VARIETIES. Pkt., 20c.

SCUTELLARIA

BAICALENSIS COELESTINA. A very free and long-flowering plant with light blue flowers. Useful for the rockery and for cutting. Pkt., 35c.

SEDUM—Stonecrop

ACRE (Golden Moss). Used largely for rockery or covering graves, foliage green, flowers bright yellow. Seed, pkt., 25c. Plants, 25c each; \$2.50 per doz.

STOLONIFERA. One of the best. Flat, succulent leaves; flowers purplish pink; blooms in July and August, height about 6 inches. Seed, pkt., 25c. Plants, 25c each; \$2.50 per doz.

SILENE—Catchfly

ALPESTRIS. A charming rock plant or for the front of the border; about 4 to 6 inches high, covered with white flowers. Pkt., 25c.

TUNICA

SAXIFRAFA. A dwarf-growing plant with whitish rose flowers; fine for edging and rock work. Pkt., 10c.

VIOLA—Tufted Pansy

The flowers of Tufted Pansies are not so large as the regular Pansies, but they bloom so freely that they are far superior to Pansies, where effect is desired, the colors being very clear and distinct, and they also bloom for a longer period. Seed sown in April will produce flowering plants by June, and from that time on they are a mass of blooms. Excellent for rockeries.

PAPILIO (The Butterfly Violet). Charming violet-blue. Pkt., 15c. Mixed, many beautiful colors. Pkt., 10c; 3 pkts., 25c.

VERONICA—Speedwell

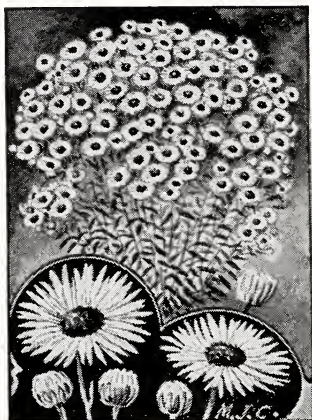

VERONICA (Speedwell). A fine mixture of lovely blue shades. Pkt., 10c.

CULLEN'S SELECT HARDY PERENNIALS

HELENIUM—Sneeze Wort

All of these are desirable plants, and succeeding in any soil in a sunny location, with broad-spreading heads of flowers, good for cutting, each species covering a long blooming season.

HOOPESI. Pure orange-yellow flowers. $2\frac{1}{2}$ inches across, and the earliest to flower, coming in early in June and continuing throughout the summer. 2 feet. Price, 30c each; \$3.00 per doz. **Autumnale Rubrum, Autumnal Superbum; Riverton Beauty; Riverton Gem.** Pkt. any of above, 10c.

BOLTONIA (Perennial)

BOLTONIA

ASTEROIDS OR TEN-THOUSAND FLOWERED

Flowers pure white and borne in endless numbers, as may be seen by the picture, which is that of a single plant the first summer. Another year this plant will produce six to a dozen stems just like this one and a mass of bloom that no other plant can equal; strong plants. Each, 20c; 3 for 50c; 12 for \$2.00. Seed packet, 10c.

PANSIES

ROCKY MOUNTAIN GROWN VARIETIES

Pansy seed grown in Colorado has a robust vigor unknown in Pansy seed grown elsewhere. Flowers very large and exquisitely beautiful, the wonderful colors and the enormous size of the blossoms and the free-flowering qualities make them the most desirable of all Pansies.

MIXED COLORS. Such as white with dark center, dark blue and light blue, pure white, black lavender, violet, blue bronze (new), royal purple (new), rose, mahogany, cerise, red with silver rim, yellow, wine color, red and gold, striped, etc. Pkt., 25c.

PAPAVER—Poppy

ORIENTALE (Hardy Oriental Poppy). The brilliant Oriental Poppy with immense flaming flowers of orange-scarlet, and for a gorgeous showing of rich and brilliant coloring, nothing equals them when in bloom in May and June. They grow and thrive in almost any kind of soil, but do best in a deep, rich loam. Set the plants out in early Spring or Fall. Pkt., 10c. Plants, 65c for 3; \$2.50 per doz.

NEW PERENNIAL VARIETIES. Magnificent flowers, large as a saucer, wonderfully effective. Mixed. Pkt., 15c.

PHYSOSTEGIA—False Dragonhead

VIRGINICA. Of imposing appearance, grows to a height of 6 feet. Flowers very long-stalked, extra large, deep crimson-rose. Excellent cut flowers, especially for tall vases. Seed, pkt., 15c. Plants, 65c for 3; \$2.50 per doz.

EXTRA LARGE PLANTS, 35c each; 3 for \$1.00.

PLATYCODON—Balloon Flower

GRANDIFLORA PUMILUM. Bright blue flowers of large size. It flowers the first year and is absolutely hardy; an excellent rockery or border plant. Seed, pkt., 15c. Plants, 65c for 3; \$2.50 per doz.

EXTRA LARGE PLANTS, 35c each; 3 for \$1.00.

PYRETHRUM—Painted Daisy

HYBRIDUM. A valuable border perennial. Large, single and double flowers. Red, pink and white; very valuable for cutting. Mixed Seed, pkt., 10c. Mixed Plants only, 65c for 3; \$2.50 per doz.; \$16.00 per 100.

EXTRA LARGE PLANTS, 35c each; 3 for \$1.00.

RUDBECKIA—Golden Glow

Five to 7 feet; early Summer until frost. Dahlia-like golden-yellow flowers. 55c for 3; \$2.00 per doz.; \$14.00 per 100.

CULLEN'S SELECT HARDY PERENNIALS

VIOLA—Sweet Violets

PURITY WHITE. It grows luxuriantly in pots, and will be loaded with flowers. In the garden it will do well with slight protection, and in early Spring will produce quantities of large, snowy, sweet scented blossoms. **Pkt., 15c.**

EMPRESS AUGUSTA. A fine new sort adapted to garden culture; hardy and robust, and producing in Spring great quantities of enormous flowers of a deep blue-black color and wonderful fragrance. Fine for Winter blooming. **Pkt., 25c.**

PRINCESS OF WALES. Broad Pansy-like flowers of a beautiful violet purple shade, with lighter center. A vigorous growing plant with clean, healthy foliage and stiff long stems. One of the most beautiful and free flowering Violets. **Pkt., 25c. Plants, 20c; \$2.00 per doz.**

EXTRA STRONG PLANTS, 35c each; \$3.50 per doz.

HARDY CHRYSANTHEMUM

GLORY OF SEVEN OAKS. Hardy; blooms second summer; flowers yellow to dark brown and sweet scented. **Pkt., 25c. Plants, 3 for 55c; \$2.00 doz.**

ANTHEMIS—Hardy Marguerite

Most satisfactory perennial. Thrives in poor soil, growing about two feet high; large, golden yellow, daisy-like flowers all Summer long; stems fine for bouquets. **Seed, Pkt., 10c. Plants, 35c for 3; \$1.00 per dozen.**

EXTRA LARGE PLANTS, 35c each; 3 for \$1.00.

COREOPSIS—Tickseed

GRANDIFLORA. Is a beautiful hardy border plant that grows 15 to 18 inches high and produces its bright golden yellow flowers in great profusion the entire season. Fine for cutting. **Seed, pkt., 10c. Plants, 55c for 3; \$2.00 per dozen.**

EXTRA LARGE PLANTS, 35c each; 3 for \$1.00.

CULLEN'S DELPHINIUMS

(Hardy Perennial Larkspur)

One of the best perennials, and it becomes more beautiful each year. It is of tall growth and produces great spikes of flowers in all shades of lavender and blue. Perfectly hardy.

BELLADONNA. A free and continuous bloomer, and the light turquoise-blue of the flowers is not surpassed for delicacy and beauty. **Seed, pkt., 20c; 3 pks., 50c. Plants, 55c for 3; \$2.00 per doz.; \$14.00 per 100.**

EXTRA LARGE PLANTS, 35c each; 3 for \$1.00.

DAHLIA

Fine Dahlias can be had the first Summer from seed.

DOUBLE LARGE-FLOWERING MIXED. Will produce some grand varieties. **Pkt., 15c.**

PEONY-FLOWERED. Mammoth peony-like flowers. Mixed. **Pkt., 20c.**

DOUBLE CACTUS. Mixed. **Pkt., 20c.**

GAILLARDIA—Blanket Flower

GRANDIFLORA. Perennial. Flowers 3 inches across, center dark maroon, thickly bordered with petals of orange-yellow. **Pkt., 10c. Plants, 55c for 3; \$2.00 per doz.**

EXTRA LARGE PLANTS, 35c each; 3 for \$1.00.

GYPSOPHILA—Baby's Breath

PANICULATA. Persons fond of bouquets should grow this; it produces long, fine, mistlike sprays of very tiny flowers suitable for cut flower work. **Seed, pkt., 10c. Plants, 55c for 3; \$2.00 per doz.**

EXTRA LARGE PLANTS, 35c each; 3 for \$1.00.

PANICULATA FL. PL. Double-flowering; similar to above except the blossoms are double, but only a small per cent comes double from seed. **Pkt., 25c.**

ROSEA. New and fine; similar to above but the flowers are of a beautiful rose color. **Pkt., 10c.**

HIBISCUS—Rose-mallow

A great improvement over all other Marshmallows or Rose-mallows. The flowers are of enormous size, frequently 10 to 12 inches in diameter, and the colors greatly intensified. They are hardy perennials. We offer three distinct colors, red, white and pink; also mixed. **Seed, pkt., 15c; 2 pkts., 25c. Roots, 35c; 3 for \$1.00.**

SHASTA DAISY

KING EDWARD VII. A new, hardy variety; large blossoms on long stems. **Seed, pkt., 10c. Plants, 70c for 3; \$2.75 per doz.; \$18.00 per 100.**

CULLEN'S SELECT HARDY PERENNIALS

Bleeding Heart

BLEEDING HEART

DICENTRA SPECTABILIS

One of the most beautiful of the old-fashioned flowers. The grand old Bleeding Heart. Fine for Winter blooming in pots; also a favorite early Spring bloomer for the garden, being perfectly hardy. Try it for pots and treat same as you would other flowering bulbs. **Pkt., 25c.**

IRIS GERMANICA—Hardy Garden Iris

There is nothing prettier than our new Iris blooming from middle of May until middle of June. No other flower has so many combinations of color, especially of the delicate and unusual shades. These new varieties are exquisite in form and coloring, rich yellows, soft blues, intense purples, clear reds, beautiful bronzes and pure whites.

HER MAJESTY. A lovely rose-pink tinted a brighter shade; a most beautiful variety.

LOHENGRIN. One of the choicest of the Pallida type; soft shade of rose shading to almost white.

MADAME CHEREAU (Lace-Fringed Iris). Tall and stately; pure white; edge of petals frilled azure-blue; falls white, blue penciling.

PALLIDA DALMATICA. Wide massive foliage and immense flower stalks, three to four feet, each with eight to twelve magnificent blossoms. The color of its blossoms is pure sky-blue. Sweet scented.

PRICE, 25c each; one each of the above four for 85c.

NEW VARIETIES OF RECENT INTRODUCTION

CAPRICE. Immense blooms of perfect form; solid violet-blue.

DIAMOND DUST. Fine, pearly white, glistening as though covered with diamond dust; strong grower and wonderful bloomer.

OMAR COTA. Standards golden bronze; falls dark maroon.

SHERWIN-WRIGHT. Solid buttercup yellow. Blooms freely; no better clear yellow Iris.

PRICE, 35c each; one each of the above four, \$1.20.

IRIS GERMANICA—Mixed Varieties

15c each; \$1.50 per doz.; \$10.00 per 100.

Easily grown from seed.

ALL COLORS MIXED. Pkt., 25c.

COLORADO YUCCA—Adam's Needle

FOR ROCKERIES OR BORDERS

One of the best ornamental foliage and flowering plants. Its long evergreen sword-like foliage, 3 to 5 feet tall, covered with bell shaped creamy white blossoms during June and July, making it one of the best plants for all positions. It will stand more drought than any plant except the Cactus and it thrives among rocks, on sand and gravel, in grass or almost anywhere. It is being extensively planted for parks and Cemeteries, no other plant in its class can surpass it for the purpose. **Extra select seed. Pkt., 25c.**

Specimen plants, \$2.00 to \$5.00 each. Express collect.

WONDERFUL FLOWERING CACTUS

EASY TO GROW

Odd and interesting plants. Their strange forms and manner of growth make them distinctly different from any other plant. Many of these varieties can be grown in saucers or pans with about two inches deep of coarse sand, with good drainage. Cover with glass and keep reasonably moist, but not wet. Transplant the seedlings into small pots. Of all the window garden plants, none are so well adapted for indoor cultivation, but too much moisture should not be forced upon them. Their flowers are exceptionally showy not only in form

but also in size and their colors vary with the most extended of tints. Furthermore many of them exhale delicate and exquisite odor. **Choice mixed, pkt., 25c. Plants, 50c each; 4 for \$1.90; \$5.50 per doz. Specimen plants, \$1.00 each.** Limited supply allows us to only offer assorted varieties.

"Say it with Flowers"

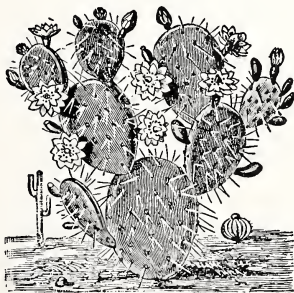

CACTUS OPUNTIA—Polyocansha

When in bloom in all the radiance of its grandeur pale into insignificance, the most beautiful rose. Its flowers are large, beautiful lemon-yellow, in great profusion. Excellent for the Rockery or for Pots. Very hardy and easily grown from a whole leaf cutting. **Large whole leaf cuttings, 25c each.**

Plants 75c to \$1.50 each, postpaid. Grow easily from seed. **Pkt., 10c; 3 pkts, 25c.**

We have other rare Opuntia Cactus, all excellent for Rockeries, **whole leaf cuttings 35c to 75c each.**

The cuttings of Cactus that we offer can be shipped any distance and will grow if planted in very sandy soil, even though a week or more on the way. The cuttings will start roots better if the freshly cut part of the leaf plant is "Calloused", that is, left exposed to the sun for a few days before planting.

Cactus Opuntia Polyocansha

HINTS IN CACTUS CULTURE

When Cactus plants are received, place the plants in lukewarm water for about half an hour, cut roots short, and plant in very sandy loam, they need good drainage, a handful of charcoal in bottom of pot, and a handful of sand about the roots of each plant. Growth of new roots will soon start if a little water is given, some air-slacked lime mixed with the soil is beneficial.

Root Cactus in charcoal or in propagation sand will germinate easily at a good temperature.

NOVELTIES & SPECIALTIES

ANNUALS ON THIS PAGE

The annuals on this page are all of the easiest culture, and succeeding in any ordinary garden soil, but should have a sunny position. The seeds may be sown in the spring as soon as the ground gets a little warm, in locations where they are expected to flower.

ARCTOTIS—African Daisy

GRANDIS. A bushy plant two to three feet high. Its daisy-like flowers are pearly white with a gold band surrounding a pale mauve blue center. The flowers close in the evening and are then as attractive as they are in the day time, for they display their lilac tinted undersides. The foliage a grey green and the flowers are excellent for cutting. You would be charmed with them. **Pkt., 15c.**

CACALIA

Tassel Flower or Flora's Paint Brush

This little annual is little known, but well worth trying. It originated in India, grows about 18 inches high and flowers freely from July to late Autumn. The flowers are scarlet and tassel-like in shape. The plant should have a fairly rich soil and is suitable for rockeries and warm sunny borders.

CACALIA SONCHIFOLIA (Coccinea). Beautiful scarlet. **Pkt., 10c.**
CACALIA SONCHIFOLIA AURANTIACA (Lutea). Orange-yellow. **Pkt., 10c.**

ASPERULA—Sweet Woodruff

AZUREA SETOSA. This little annual is not well known, has lovely sky blue clusters of flowers from June until August, grows only 8 to 10 inches and can be planted in any little nook or corner, fine for rockeries. **Pkt., 10c.**

CYNOGLOSSUM AMABILE

(Chinese Forget-Me-Not)

A pretty little annual, recently introduced from China; of the easiest culture, forming strong plants 18 to 24 inches high and producing all summer sprays of intense blue Forget-Me-Not-like flowers, sweet scented. A fine addition to the short list of real blue flowers. **Pkt., 10c.**

EVERLASTINGS

Fine for Winter decoration, as they last for years in bouquets and never fade. Should be cut and dried when in bud or blossom.

ACROCLINIUM roseum. A pretty annual "Everlasting" growing about 15 inches high, bearing lovely, double, rose-pink flowers, and when cut in the bud state, can be dried for Winter bouquets. Makes a fine plant for mixed borders. **Pkt., 10c.**

AMMOBIUM alatum. Plant strong grower and fine bloomer; flowers pearly white and very double. **Pkt., 10c.**

IBERIS UMBELLATA—Candytuft

A good, old reliable annual. A fine plant for edging and very good for cutting. Should be sown very early in open ground.

ALL COLORS MIXED. Beautiful shades. **Pkt., 10c.**

PURE WHITE. Fine for floral work. **Pkt., 10c.**

TOM THUMB. Mixed colors; bushy plants, only 4 or 5 inches, but wonderful bloomers. **Pkt., 10c.**

KOCHIA—Summer Cypress

A strikingly brilliant plant in late Summer and Fall. It has very ornamental foliage, that is beautiful green early in the season, but later in the season it changes to brilliant red or scarlet. **Pkt., 10c; 3 for 25c.**

LINUM—Scarlet Flax

GRANDIFLORA RUBRUM. The flowers are deep crimson with black centers and saucer shaped. A fine showy and very effective bedding plant. The foliage is lacy and perfectly exquisite. Height, 1½ feet. **Pkt., 10c.**

CULLEN'S DWARF NASTURTIUMS

EMPRESS OF INDIA. Brilliant crimson; dark tinted foliage. Fine for ribbon bed or bedding. **Pkt., 10c.**

RUBY KING. An elegant new sort, with flowers of large size and rich ruby color. A grand sort. **Pkt., 10c.**

TOM THUMB GIANT FLOWERED. Enormous size blossoms, many colors and new shades. Canary, golden yellow, red, golden brown, pink, terra cotta, black, orange, making a grand showing. The plants are very dwarf with large, magnificent foliage, and plants bloom all Summer long. **Pkt., 10c.**

DELPHINIUM—Larkspur (Annual)

EXQUISITE. Charming new double-flowered Larkspur, with tall spikes of a soft pink shade. **Pkt., 10c.**

WHITE. **Pkt., 10c.**

MIXED COLORS. **Pkt., 10c.**

NEW ANNUAL LARKSPUR—Bouquet

If you have never tried this variety, there's a new thrill for you. This is a much wanted color in the fine double stock-flowered type of a soft yet bright rose color that makes a charming and very effective bunch when cut and equally as effective in the garden. **Pkt., 15c; 2 pkts., 25c.**

DIANTHUS

NEW MARGUERITE CARNATIONS

Dwarf perpetual. Flowers in about three months from seed. Blooms all Winter. Many beautiful colors, pink, white, scarlet, red, striped variegated, etc. Valuable for both pot culture or the garden. Extra choice seed.

MIXED COLORS. Half dwarf; the best strain. Large, very double blossoms, flowers in three months. **Pkt., 10c.**

PURE WHITE. Very fine. **Pkt., 10c.**

SCARLET. Bright rose color. **Pkt., 10c.**

NEW DWARF. The plants are of dwarf growth, flowers extra large and choice colors. All colors mixed. **Pkt., 15c.**

One packet each of the four kinds for 40c

EARLY-FLOWERING GARDEN PINKS

The popular Chinese and Japanese Pinks. A fine flower for cutting. Blooms all Summer and Fall. Height 12 inches. Sow seed about middle of April outdoors.

CHINENSIS DOUBLE MIXED (Double Chinese Pinks). Beautiful clusters of small, double flowers of all colors.

CRIMSON BELL. Lovely crimson. **Pkt., 10c; 3 pkts., 25c.**

MOURNING CLOAK. A double Dianthus of a dark velvety maroon almost black; petals faintly bordered white. **Pkt., 10c; 3 for 25c.**

POPPIES

ANNUAL VARIETIES

They make a most striking appearance, and they are easily grown. Sow the seed very early in the Spring; do not wait for warm weather.

AMERICAN FLAG. Flowers extra large, double; snow-white, with each petal bordered with scarlet. **Pkt., 10c; 3 pkts., 25c.**

CULLEN'S GREAT PEONY-FLOWERED. Plants grow to the height of about three feet, and bear quantities of brilliant flowers. Large and very double, like beautiful Peonies. **Pkt., 5c.**

GOLDEN GATE. A great variety of semi-double and double flowers in the greatest variety of colors. **Pkt., 10c; 3 pkts., 25c.**

FLANDERS FIELD. Scarlet. **Pkt., 10c; 3 pkts., 25c.**

PORTULACA—Rose Moss

GRANDIFLORA. Mixed colors, all colors; very brilliant. **Pkt., 10c.**

DOUBLE ROSE-FLOWERING. Mixed colors, very large blossoms, as double as roses and the greatest variety of colors. **Pkt., 10c.**

DOUBLE YELLOW. Beautiful yellow. **Pkt., 10c.**

DOUBLE SCARLET. Clear and brilliant. **Pkt., 10c.**

SALVIA—Scarlet Sage

The Salvia is unsurpassed for massing in beds or as a single specimen on the lawn. It grows about two feet high and as many broad and very compact. Its long spikes of fiery scarlet flowers stand up stiff and erect well above the foliage, almost hiding the latter, giving it a very brilliant appearance.

SPLENDENS COMPACTA. Dwarf grower, free flowering and most brilliant. **Pkt., 10c.**

SPLENDENS ROSEA. A charming new pink color. **Pkt., 10c.**

CULLEN'S DWARF. Produces great quantities of brilliant flowers all Summer. Try this by all means. **Pkt., 15c.**

SALPIGLOSSIS—Painted Tongue

NEW EMPEROR. This grand new flower produces magnificent rich and varied coloring. It is really remarkable for size and coloring, the delicate shades and markings being indescribable. It makes one of the most showy beds, and it stands the sun well. Sow very early in open ground.

MIXED. Many colors. **Pkt., 10c.**

BROWN AND GOLD. **Pkt., 10c.**

PURPLISH BROWN WITH GOLD. **Pkt., 10c.**

PHLOX—Flameflower

PHLOX DRUMMONDI

One of the very best of bedding annuals, surpassing almost everything else in brilliancy. It is extremely beautiful and an extraordinary bloomer. The new sorts of Phlox that we offer are so far superior to the older kinds that we have discarded all the latter, and have now none but those beautiful new ones of recent introduction. The Phlox make beautiful ribbon centers when different colors are sown side by side, and are also grand for masses of colors.

CULLEN'S GRANDIFLORA MIXED. Thirty different colors. Fine for large beds and masses. **Pkt., 15c.**

DOUBLE. This strain is very beautiful and a large percentage of the plants will produce fine, double flowers in great clusters. White and yellow mixed. **Pkt., 10c.**

CULLEN'S STAR. Large size and curiously pointed, fringed and toothed blossoms, unlike anything else. Color of every shade, more than a hundred distinct tints, shades and combinations. **Pkt., 10c.**

PETUNIA—Giant Flowering

NEW GIANT-FLOWERING PETUNIAS

A mammoth-flowered strain that originated in California. They are wonderfully beautiful in every sense of the word, and show great improvement over the best European strains. Flowers of enormous size, and great variety of exquisite colors.

GIANT-FLOWERED SINGLE, MIXED COLORS. Enormous single flowers of a fine variety of exquisite colors and beautiful markings. **Pkt., 15c.**

CULLEN'S MAMMOTH MIXTURE. All varieties of the giant-flowered type. The grandest mixture offered, will show a great variety of grand new colors. **Pkt., 20c.**

DOUBLE GIANT-FLOWERING PETUNIAS

DOUBLE BRILLIANT ROSE. Beautiful. **Pkt., 20c.**

DOUBLE CRIMSON. Dark crimson; new. **Pkt., 20c.**

VIOLACEA. Intense dark blue. **Pkt., 20c.**

DIMORPHOTHECA—African Golden Daisy

AURANTIACA. Best and newest garden annual. Grows 12 to 15 inches and a wonderful bloomer; color of flowers, rich orange gold. Fine for group or borders. **Pkt., 10c.**

ANTIRRHINUM—Snapdragon

One of the most popular annuals and best for cut flowers, can be readily grown from seed, remaining in full flower from June until November. These large flowering giant sorts are a new strain of tall strong growth producing long spikes of gigantic flowers, 3 feet. Super-giant mixed, as follows: Apple-blossom, Crimson King, Cardinal, Fire King, Old Gold, Purity and other choice kinds. Super-giant Mixed. All colors. **Pkt., 10c; 3 pkts., 25c.**

ASTERS

The Acknowledged Queen of Autumn Annuals

One of the most popular and useful of all our annuals. For early flowers the seed may be sown in the house or greenhouse in March or April, and transplanted in the open ground in May. However, as the Aster is essentially a Fall flower, and the late blossoms are the finest, it is best to sow the seed in the bed, thinly, early in May and transplant when strong enough, setting the plants of the large varieties 12 inches apart and the dwarf ones 6 inches apart. Half-hardy annuals.

GIANT COMET. Well known for its striking appearance, resembling the Japanese Chrysanthemum. We have not only twisted, curled and crested forms, but large and showy flowers.

Many Colors Mixed. **Pkt., 10c.**

Giant Comet White. Very large, snow white. **Pkt., 15c.**

Giant Comet Sulphur-yellow. Superb. **Pkt., 15c.**

GIANT BRANCHING SUPERB. New Aster, growing about 18 inches high, with mammoth size flowers on long, graceful stems. All colors mixed. **Pkt., 15c.**

GIANT BRANCHING COMET, CRIMSON. An enormous plant, branching freely and bearing blossoms like large cactus dahlias. **Pkt., 15c.**

STOCKS

PERPETUAL BRANCHING

This new Ten Weeks Stock is certainly a fine variety. The plants are strong, compact and flower quickly from sowing. It is the best of all for pot culture and nearly all the plants produce beautiful double blossoms.

BRILLIANT CRIMSON. Rich crimson. **Pkt., 10c.**

BRIGHT ROSE. Beautiful. **Pkt. 10c.**

SNOW WHITE. Very pretty. **Pkt., 10c.**

One each of the above three for 20c

Mixed, 10c.

Name	R. F. D. or Street	Post Office	State

CALENDULA—Pot Marigold

Hardy annual about 1 foot high, producing a profusion of large, double flowers of a dark orange color. **Pkt., 10c; 3 pkts., 25c.**

VERBENA

No plant excels the Verbena for masses in beds. Half-hardy perennials, or treated as hardy annuals, they bloom freely the first season from seed, with beautiful dazzling self-colored, striped and variegated flowers. 6 inches.

MAMMOTH FLOWERED. This beautiful strain has large flowers of very brilliant colors and large, distinct eyes. The plants are vigorous growing and free flowering.

Pink. Pkt., 10c.

Scarlet. Pkt., 10c.

Mixed. All shades. Pkt., 10c.

Blue. Pkt., 10c.

White. Pkt., 10c.

ZINNIAS

DAHLIA-FLOWERED MIXED. Saved from selected flowers. The best strain of Zinnias in cultivation. Every plant will produce immense double blossoms of various colors from white to deep crimson, maroon, pink, yellow, orange, scarlet, violet, primrose, buff, striped, etc. Every plant will give fine double blossoms. **Pkt., 10c.**

GIANT WHITE. Pure white. Very beautiful. **Pkt., 10c.**

GIANT CRIMSON. Very attractive. **Pkt., 10c.**

GIANT YELLOW. Many shades. **Pkt., 10c.**

DWARF. Double sulphur yellow, crimson, white and mixed. **Each, pkt., 10c.**

DWARF ROSE. Large flowers. **Pkt., 20c.**

RED RIDING HOOD. This little beauty grows but a foot high; it is of compact form and covered all season with little button-like, intense scarlet, very double flowers not over an inch across; as a border it is highly effective. **Pkt., 10c; 3 pkts., 25c.**

CULLEN'S FUCHSIA (House Plant)

Lovely plants that bloom profusely at all times. Grows rapidly from seed, producing fine new sorts.

MIXED HYBRIDS. Finest seed from best double and single named sorts. **Pkt., 20c.**

BOSTON FERN Original (House)

The best and most satisfactory decorative plant in cultivation for house culture. So hardy that it will thrive in most any situation, in a room, even if it gets no sunshine. The best of all Ferns in this respect. Plants produce immense number of graceful, drooping fronds, from two to five feet, always of a beautiful green color. Becomes more beautiful year by year. **Pkt., 25c.**

PHOENIX ROEBELINI

The Magnificent New Palm.

A new, and in every way the best and most beautiful Palm grown; most easily grown of all Palms. Will succeed in any window.

Seed only, we do not offer the plants, **25c.**

AMARYLLIS

Valuable for house or garden. Grow nicely in any rich soil. After blooming season is over, withhold water, as the tops begin to die; when fully ripened remove to dry, cool place, leaving plant in pot, to allow season of rest.

NEW HYBRIDS. In this new selection of imported kinds, we offer a most charming range of colors, such as shades of red, rose and white, not offered separately, but in mixture. Seed, **pkt., 25c.**

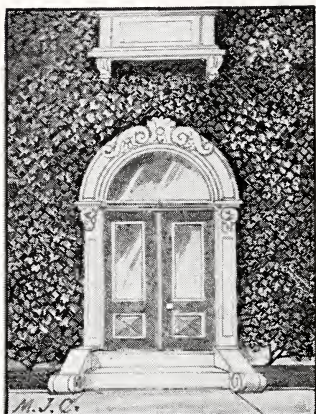

NEW CRIMSON FOUNTAIN GRASS

This is a beautiful grass for the Rock Garden or to plant near a Lily Pool. As the plants attain size their dark crimson foliage is gracefully curved. During the Summer and Fall the plants throw up many stems tipped with long, graceful plumes of a beautiful dark crimson color of a silken texture. The plumes are quite ornamental; are six to twelve inches long and may be cut and cured for dry bouquets. **Pkt., 25c.**

DRAPE YOUR WALLS, PERGOLAS AND PORCHES WITH CULLEN'S HARDY VINES

They have a softening and pleasing effect.

Ampelopsis

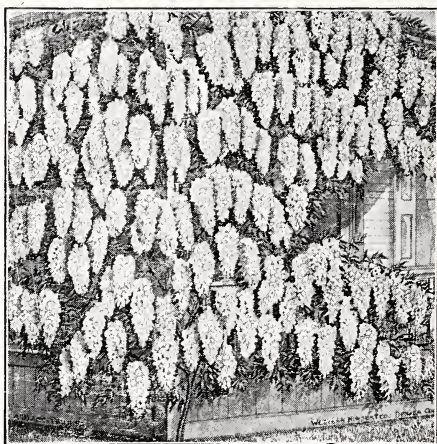

BOSTON IVY

(*Ampelopsis Vietchi*)

This is one of our best wall climbers, as it clings firmly to the brick, stone, etc., and is a wall of beautiful living fresh deep green all summer, turning in autumn to the brightest shades of crimson and yellow, when it is fairly gorgeous. It is hardy and becomes more popular every year. **Pkt., 15c.**

AMPELOPSIS ENGELMANI

A quick grower, often making fifteen feet of growth first summer. Clings firmly to brick, stone, wood, etc. Beautiful deep green all summer, turning in autumn to the brightest shades of crimson and gold, when it is fairly gorgeous. It is hardy and very easily grown. **Seed, pkt., 15c. Plants, 2-year, 50c each; \$4.00 per 10.**

WISTERIA—Japanese

Magnificent violet blue blossoms. There is nothing more striking or appropriate for pergolas, verandas and trellises than this perfectly grand vine. **2-year, 80c each; \$7.50 per 10. Seed, pkt., 15c.**

TRUMPET VINE

A very fine, hardy climbing plant, bearing clusters of large trumpet-shaped, orange-scarlet flowers about three inches in length. The foliage is also very pretty. If the tops are kept pruned back it makes a very beautiful bush for the lawn. **2-year, 50c each; \$4.50 per 10. Extra large roots, \$1.50 each.**

CLEMATIS PANICULATA

Clean, thrifty, strong-growing vine, graceful habit of growth, and attractive, glossy green leaves, covered in August and September with a blanket of clustered snow-white blossoms of the most delightful fragrance. An arbor or portico draped with this Clematis is a wall of white during August and September. Grows easily from seed. **Pkt., 15c; 2 pkts., 25c.**

AKEBIA QUINTATA

A Graceful Hardy Climber

A hardy, strong-growing, Japanese climbing plant, producing in early Spring numberless bunches of lovely violet-brown flowers with a pleasant cinnamon fragrance. **2-year, 80c each; \$7.00 per 10. Seed, pkt., 10c; 3 pkts., 25c.**

USEFUL AND ORNAMENTAL

MAMMOTH CLIMBING DEWBERRY

Quick Growing

FOR ARBORS AND PERGOLAS

Most valuable of all climbing blackberries or dewberries. Grows on trellises or trees like a grape vine. A most delicious, sweet and finely flavored berry. Twenty quarts have been picked from a vine. **Strong plants, 35c each; 3 for \$1.00; 6 for \$1.75. Postpaid.**

RHUBARB OR PIE PLANT

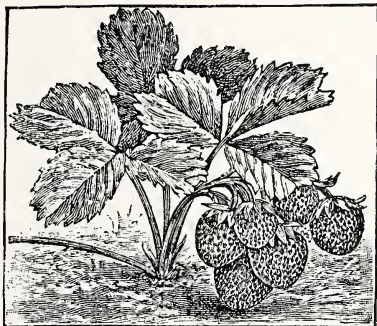

Cullen's New Crimson Giant Rhubarb

THE BEST AND EARLIEST SORT YET KNOWN

The most vigorous grower. Is ready for table use in less than three months from seed or in less than two months from roots. Makes beautiful crimson colored sauce. Flavor sprightly and refreshing. **Price of seed, 10c per pkt.; 3 pkts. for 25c.**

Seed sown in open ground early in Spring will produce large stocks in July and August.

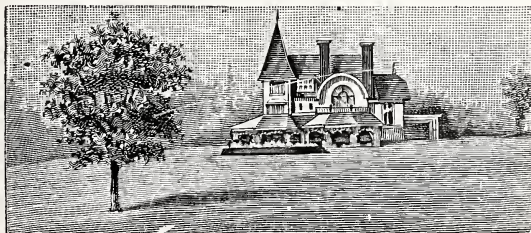

EVERBEARING STRAWBERRY SEED

Strawberries are easily grown from seed and started in the house or under glass. They fruit the second year. Some of them may fruit in fall of first year. It is interesting to grow them from seed as one gets a great variety. The seed we offer is our own saving from the best Everbearing varieties, and is likely to produce some very valuable Everbearing kinds. **Seeds, per pkt., 20c; 3 pkts. for 50c.**

Cullen's Velvet Lawn Grass

Quick Growing

This mixture is made from our own formula and produces a fine rich green and velvety appearance all summer and fall. We have sold it from coast to coast, and it has given entire satisfaction in every location. **Per pt., 30c; per qt., 50c; 4 qts., \$1.50; peck, \$2.75, prepaid.** By express or freight, at purchaser's expense, $\frac{1}{2}$ bushel (10 lbs.), \$5.00; bushel (20 lbs.), \$10.00; 100 lbs., \$47.50.

COLORADO BLUE SPRUCE

And Other Rocky Mountain Evergreens

BEAUTIFUL THE YEAR ROUND

Easily Grown From Seed

COLORADO SILVER FIR (*Abies Concolor*). A Colorado species, resembling the Colorado Blue Spruce. **Pkt., 35c.**

RED CEDAR (*Juniper Virginiana*). Foliage of a bright blue green when fresh, changing to deep bronze green. **Pkt., 35c.**

SILVER REDCEDAR (*Juniperus Virginiana glauca*). Compact growth and beautiful glaucous blue foliage, one of the choicest Junipers. **Pkt., 25c.**

COLORADO JUNIPER (*Juniper Scopulorum*). Color from green to light blue. The Colorado Juniper is very compact and symmetrical, and is excellent for landscape planting, in groups or as single specimens. Most desirable wherever a narrow overgreen is wanted. **Pkt., 35c; extra select, pkt., 50c.**

JUNIPERUS SABINA. Handsome moss green foliage; adapted to use as a green in evergreen groups or as dwarf semi-upright ground cover. **Pkt., 35c.**

COLORADO BLUE SPRUCE (*Picea pungens glauca*). A select blue shade. This is one of the showiest and most impressive evergreens. Beautiful the year round. Easily grown from seed. **Pkt., 25c; extra select, pkt., 50c.**

ENGELMANNI SPRUCE. This is the tallest grown of all our spruces. **Pkt., 50c.**

KOSTERS BLUE SPRUCE. Fine shape and beautiful blue color. **Pkt., 50c.**

AUSTRIAN PINE (*Pinus Nigra*). Tall grower, dark rich green. **Pkt., 35c.**

MUGHO PINE. Genuine Dwarf Pine, but spreads out, a globular form, very dense. **Pkt., 50c.**

ROCKY MOUNTAIN MAPLE. A most beautiful ornamental tree, grows about 15 feet, the leaves are perfectly exquisite, similar to leaves of the Japanese Maple. **Pkt., 25c.**

SHRUB SUMAC. The leaves change to a brilliant shade of scarlet and gold in the Autumn. **Pkt., 25c.**

Colorado Blue Spruce
Grown in the Rocky Mountains

GROW THEM FROM SEED

From this picture you can imagine what one or more groups of beautiful Spruce trees would add to the appearance of your grounds and besides you will have the pleasure of growing them from seed.
